Surprise 4c Due November 6 At Springfield, Mass. To Note Dr. Naismith Birth Centenary

With the Post Office Department's refusal to issue a stamp for the September 23 golden anniversary of this country's first official airmail flight, and like rejection of requests to commemorate various other popular subjects, the philatelic public was thoroughly surprised by a September 23 announcement of Representative Edward P. Boland of Massachusetts.

He stated simply that (as a result of his own "intense interest and enthusiasm", to quote Postmaster General J. Edward Day) the POD will issue a commemorative November 6 at Springfield, Mass. "to honor basketball" on the 100th anniversary of the birth of Dr. James A. Naismith, inventor of the game concerned.

The appearance of the stamp this year will serve also to note the 70th versary. He spent most of his long anniversary of the invention of the career in physical education at the game in the winter of 1891 at Springfield College which is the In-ternational YMCA Training School. There the first basketball game was actually played January 20, 1892.

Two peach baskets fastened to a gymnasium balony in the winter of 1891 provided the start for the only game devised in the United States with no roots in the sports of any other country.

Gymnasiums, with their Gymnasums, with their caus-thenics, weight lifting, bar chinning, Indian club twirling and similar activities were not as popular in the United States as in Europe.

Dr. Naismith, then a young instructor at the International YMCA Training School, now Springfield College, set out to create a fast, competitive team-play game suitable for small indoor gyms in the winter months.

He came up with two peach bas-kets, a ball and 13 rules, of which 12 are still basic to the game. Within a few years basketball had mov-ed out of the YMCA gyms to become a major American sport.

Born November 6, 1861 at Almonte, Ont., Canada, Dr. Naismith was a graduate of McGill Uni-

Hammarskjold On Swedish Stamp

Axel Miltander

The Swedish Department of Posts has announced that a special stamp in tribute to the late Dag Hammarsjkold is now in preparation and will be released at an early date. The then United Nations Secretary General was killed in a September 17 plane crash while going to negotiate a peaceful settlement between Congo and the revolting province of

He and Sweden's Director of Posts Erik Swartling, it develops, were friends of long standing, and Mr. Swartling was deeply grieved by the tragic loss of his acquaintance of the past 40 years. For ten years, beginning in 1935, they had worked together in the Swedish Financial Department.

'We had often vacationed together," Mr. Swartlg said, "and very often we drove to the mountains in the upper parts of Sweden. Mr. Hammarskjold was a high civil servant, but he was most interested in Nature in walks, flowers and butterflies, which he studied during his vacation.

The contact between Mr. Hammarskjold and Mr. Swartling had never been broken. Even since Mr. Hammarskjold joined the United Nations in New York, they wrote frequently, and Mr. Swartling sent all Swedish first day covers to his friend as he knew he was interested in them as they appeared.

Ike Overprint Invert Reported From China

The discovery of a block of four of the Republic of China's 1960 overprinted \$2 stamp to mark President Eisenhower's visit, with the overprint inverted, has been reported by Howard T. H. Ang, Box 20, Puli, Formosa.

The stamp is Scott's No. 1258 issued June 18, 1960. The basic stamp is No. 1236 of the Defense of Quemoy and Matsu Islands 1959 quartet.

Mr. Ang stated that while examsome recently acquired material he made the startling discovery that one block of four stamps bore the error overprint. Research in the area disclosed the rumor that a collector had bought 20 copies in the Tainan post office and that the clerk had withdrawn the rest of the sheet from sale.

'62 Edition Of Minkus American

For the past eight years the philatelic world has watched the growth of an idea initiated by Jacques Minkus, president of Minkus Publi-cations. It saw the New American Stamp Catalog enter a closed field, gain and then sustain the interest of an increasingly large number of col-

lectors each year.

Last year's edition of the catalog—the biggest quantity ever published—was sold out soon after it appeared. A second printing was ordered to meet the demand.

A look through the recently published was a second printing was ordered to meet the demand.

lished 1962 edition of the Minkus New American Stamp Catalog ex-plains why this different approach

which traces the evolution of the United States Postal System from the coffee-house post office of colonial days to the present, and continu-ing from section to section, the catalog is designed to answer the myriad of questions an intelligent collector might raise.

The stories behind the stamps, bio-

graphical profiles of the men and women honored on America's stamps, the reason for each issue, the quantity and date of issue, the prices of mint and used singles, blocks plate blocks, full sheet and first day covers, are some of the outstanding features that produce the most readable and informative American catalog available.

Minkus Publications has been ambitious about improvements, additions and revisions during the past eight years, and the 1962 edition shows the accumulated result of an effort to perfect this catalog. There has been an increase in the number of illustrations. The 1962 edition contains over 1700, many of which have

been sharpened and enlarged.

There are over 10,000 entries covering all commemoratives, regular issues, duck stamps, postal savings, revenues, a revised section on postal cards, postal stationery, Confederate States, United States Possessions, Administrative areas, and all the stamps of the United Nations.

Prices have been thoroughly re-

searched. There are over 5350 price changes this year that show the upward market trend. Here are some of the outstanding price changes noted in the 1962 catalog:

Minkus No. PM 4, Baltimore Postmaster Provisional, (1961 catalog price \$1300), 1962 catalog \$1500; No. PM14, Brattleboro Postmaster Provisional (\$1500), \$1700; regular issues No. 1, 5c 1847 unused (\$110), \$125; No. 2, 10c 1847 (\$300), \$350; No. 47, 5c 1861 (\$225), \$275; No. 67, 3c rose, Grill "Z" unused (\$300), \$350; No. 92, unused block of four, 15c 1869, type I (\$3000), \$3500; No. 236 rare coil issue of 1908 (\$200), \$650; and No. 269, 8c bluish paper unused (\$1200), \$1750.

San Marino Surprises With Single For Europa

San Marino has announced the unexpected scheduling of a single stamp to appear October 20 in the Europa theme, according to Vittorio Lo Bianco, Inc., of New York City.

The 500 Lire item will be inscribed "EUROPA" across a view of Mount Titano. It will be issued as a miniature sheet of 6, a representative of the firm added.

Civil War Theme At Richmond Exhibition

An all-Civil War convention and exhibition will be held at the Jefferson Hotel, Richmond, Va. October 20-22 with the Confederate Stamp Alliance as host. It will display all phases of the Confederate States field, including for the first time a section of collateral material—valentines, letters, cards, tickets, and

Joining with the CSA will be the American Revenue Assn. and the U. S. 1851-60 Unit of the American Philatelic Society. The ARA will exhibit the Civil War revenue issues, Match & Medicine stamps, Tax Paids, and Proprietaries.

The 1851-60 Unit will emphasize to catalog publishing has succeeded:
Beginning with the introduction, most general use in the North during the war. No exhibition has ever made such a concentrated effort to show philatelic material of the Civil War period as this one.

> In addition to the large exhibit there will be a dealers bourse, a convention Postal Station, the tradi-tional Southern Supper where the awards will be made, and an authors' breakfast.

> Interested dealers may contact William G. Cote, 616 Grayden Ave., Norfolk 7, Va. Entries in the exhibition are restricted to members of the participating clubs.

The Harris Catalogue For 1962

The 1962 edition of the Harris Catalogue of United States stamps is now ready for delivery. It consists of 160 pages with nearly 2000 illustrations. It has many features found in no other catalogue and is of

especial help to the beginner and inexperienced collector. We call it the
"Poor Man's Catalogue" because it can be
bought for only 35c postpaid and includes in
its pages just about everything of importance in U. S. stamp information as well as a listing of British North America, United Nations, U. S. Possessions, Confederate States etc. A new feature is a listing of stamps of foreign countries that are complimentary to the United States.

Its price quotations and valuations are

reliable and are backed up by a stamp dealing firm that offers to supply the stamps at prices quoted.

It prices plate blocks, mint sheets, first day covers. Also contained is a U. S. Stamp Identifier which makes it possible for the collector to distinguish the difference between genuinely rare stamps and cheaper stamps that look alike.

GEORGE W. LINN Most price changes are in 19th and early 20th century issues. The changes are upward as older material is getting much more in demand.

The Harris Catalog is used by many collectors. It is available from the publishers, H. E. Harris & Co. Catalog Department, Boston 17, Mass. for 35c postpaid.

The Postal Deficit

We are happy to see that Congress has denied the President the raise we are nappy to see that congress has defined the Trestein the raise in postal rates that he has been asking for. We would far rather see Mr. Kennedy correct his blunder in allowing free entry and distribution of Communist propaganda through the U. S. Mails at a tremendous cost to our Post Office Department and in that way help reduce the postal deficit. Some of our government officials should realize that the best way to play ball with the Communists is to use their ground rules, which permit us to do dirty tricks just as they do.

The extent to which we are making fools of ourselves is well shown

in these quotes from some of the leading newspapers of America. Since the Kennedy Administration has lifted the ban on admitting Communist propaganda, estimates place the volume now three times the amount in 1959 and 1960. Read them and weep.

"From Detroit Free Press - 7/4/60

"Government customs office give ten million as the number of propaganda items for 1959, half of this at our youth."

New York News - 6/17/61

"During 1960 a check of propaganda admitted thru San Francisco showed 17 tons of postage free communist propaganda literature in one week. During 1960 7 million pieces of red litterature admitted thru Port of New York."

"N. Y. Journal American - 6/28/61

During February and March this year Cuba sent in 162,000 packages of magazines and 11,700 packages of newspapers. From all countries, a total of 14,200,000 packages of communist literature into the U. S.

Swedish "Hausse" Sweeping Europe

"What is a 'hausse'?" questioned Linn's Scandinavian columnist Axel Miltander in a press-time airmail letter. Then, answering his own query, he explained that a "hausse" is "something like a fever, a sick-ness, an epidemic."

"It happened recently in Europe September 18," he continued, "tl European countries released their Europa stamps. And it happened with the Icelandic set". His futher comment follows:

Early in the morning it was reported from Reykjavik, that long queues could be seen at the post offices—people waiting for the new Europa stamps. A short time later it was reported that the set, issued in a quantity of one million, was completely sold out. It was, however, known that big orders had been placed in Iceland and that all orders after September 1 had been refused.

The face value of the set was 28c. It was sold by dealers for 45c early in the morning, but at around 12 o'clock the price had increased to \$1. Most of the dealers were sold out and telegrams began crossing The bids became higher and higher.
At three o'clock a retail price

of \$1.40 per set was reported. One hour later dealers offered to pay \$1.60 for the sets they had sold for 45c few hours earlier. Right now (three days later) the price is \$2.40, but most of the dealers cannot obtain any more sets and the price will surely increase again.
What's behind this hausse? I tried

to find out the real background and was informed that big capital from Germany, Italy and the U. S. A. played a high game. I was told that the trust had bought most of the stamps, which were to be found in very few hands. They will, of course, be sold in small lots in the future for high prices, giving the syndicate a good profit.

But that is not the full background. People who do not collect stamps at all, or never plan to collect Europa stamps, ran to dealers and bought what they could obtain. It was a fever, indeed.

September 18 the Swedish Europa stamp of 1960—one Crown red— was completely sold out from all post offices in Sweden. It astonished Swedes, who thought that it would be available for years. A new fever, gentlemen, and three hours from the sell-out, the stamp, having a face value of 20c, was selling at 30c.

In a few places around the nation there has been snow. This, of course, has been a reminder to citizens of such areas that cold weather, and soon, Christmas, will be upon us. It is of the latter that you should be thinking especially where there are friends or relatives over-

In a word, if you have Christmas presents to go to another land, they'll need mailing real soon. If in doubt when, call your local post-master. The POD informs them via tons of Communist propaganda mail the weekly Postal Bulletin.

Both reference books have been greatly influenced by recent prices at auction of the 24c carmine rose and blue 1918 U.S. airmail with the airplane inverted. In the 1961 edition Scott's valued a single copy at \$7000 while Minkus tagged it at \$7500. In the 1962 catalogs Scott's has the stamp at \$10,000, and Minkus at \$11,500.

At this time the Scott value might be nearer actuality than the Minkus. On the other hand, the way buying prices have continued to rise, Minkus might be more nearly correct at this time next year.

The Harmer, Rooke and Co. auction house of New York City has sold three copies of the invert in the last ten months for a total of \$25,450. Last December 16 stamp No. 94, with sheet' margin at bottom, brought \$9200. A New York dealer bought in another copy, position No. 32, last May 10 at \$7250. This in spite of the fact that it had a diagonal crease.

Position No. 14 was the most recent to come before the public. It is a stamp with a still brilliant color. Via private sale it was purchased for \$9000.

Several Veterans Organizations are interested and working. Also in the thick of things is the Anthony Wayne Parkway Board of Ohio which has a design prepared for re-lease in 1963. It has two elements— Commodore Oliver Hazard Perry leaving his ship the Lawrence in the Battle of Lake Erie as depicted in Powel's painting, and the Doric shaft of Perry's Victory and International Peace Memorial at Put-in-Bay, Ohio.

This was proposed in three colors. I would believe the picture itself in three colors, would be most representative of the campaign in this area.

If it isn't in existence already there soon will be a post office at Valley Forge State Park in Pennsylvania. Tourists have long wanted such a postmark for their mail when on visit there.

Statehood Commem

Arizona's 50th anniversary of statehood will be marked by a 4c stamp to be issued February 14,

The announceent was made last week by Senator Hayden and Representative Udall, who are working with the Post Office Department in the choice of a design.

The stamp is expected to be a multicolor issue, probably featuring the giant saguaro cactus and its yellow and white flower.

A suggested design in vertical format has a copper background (Arizona is the Copper State) and pic tures the saguaro cactus and it flower in green and yellow.

Although Phoenix, the state capi tal, is expeced to be the first city Tucson has not been eliminated from consideration.

Two other statehood anniversarie are expected to be commemorat ed by stamps in 1962. New Mexico will mark its 50th anniversar January 6, and Louisiana its 150th on April 30.

Calcutta Indo-American Society Has Second Show

Entire sheets of Indian stamps never before displayed, and not generally known to exist, were featured at the Second Philatelic Exhibition of the Indo-American Society at Calcutta from September 10-18.

Held in the Society's air-conditioned quarters, the exhibition was on a smaller scale than that held last October, but quality made up for quantity. At the opening ceremonies, Director G. S. Bhatia of the Post

and Telegraph Services, Government of India, declared:
"I have been simply charmed by the artistic and educational value of this exhibition in which scenic beauties of America's National Parks can be viewed as well as ideas about rocket-mails can be had."

Mr. Bhatia's references were to a panel showing mint blocks of four and singles of the U. S. 1935 National Park Farley series, and to a panel displaying covers which survived the Indian rocket flights in the 1934-37 period in the Calcutta area.

Two entire sheets of India's 8np. bright green issue of the map series

were shown with printing errors. On the first the two left-hand columns were left blank, although both perforations and border are present. On the other there is a double perforation of the same two left columns, although the stamps themselves are correctly printed.

Also on display were stamps from the Kingdom of the Two Sicilies,

the World War II issues of France and Germany, Japanese occupation of

Burma, South Viet Nam, and many other countries.

Also shown were stamps issued by the Egyptian Expeditionary Forces in Palestine between 1917 and 1927. Among topical themes were panels devoted to sports in philately and others devoted to art, science and agriculture. Representing the United States were panels of airmails, special delivery stamps and a collection of U. S. commemoratives of the past few years.

The exhibition was the second sponsored by the Indo-American Society and the first of a series of shows which the Society is planning to hold in its air-conditioned auditorium for the benefit of the public and its own 2800 members. On this occasion, as at the one held last October at the Academy of Fine Arts, all visitors were given Freedom Packets containing

In our survey of postal officials of the Commonwealth, recently concluded, we omitted mentioning procedure to be followed for obtaining stamps from Great Britain.

Frankly, we had been of the opinion that this information was well known, but judging from letters re-ceived some readers missed the col-sets were released. (GPO, London). umns in which this news was trans-

Kingdom stamps may be obtained by post from the Divisional Controller, London Postal Region, C. & T. Branch, King Edward Street, London, E.C. 1, England.

"Each application should be accompanied by a remittance, preferably an international money order obtainable at any U.S. post office, covering the face value of the stamps required plus the cost of return postage and a registration fee of one shilling and sixpence.

"Since the British Post Office has no philatelic department, no arrangements can be made to supply specifically selected stamps or book lets of particular interest to philatelists. Blocks of stamps can be supplied, but not from specific parts of a sheet.

"The General Post Office in London does not normally provide or participate in first day cover service, and all inquiries regarding this service should be addressed to the British Philatelic Assn. Ltd., 3 Berners St., London, W.1 England.

Australia, Antarctic Territory-To replace the current 5d overprinted stamp, a new design featuring a hitherto unpublished portrait of the late Sir Douglas Mawson will be issued October 18. Mawson was the leader of the 1911-14 Australasian Antarctic Expedition, and the stamp will commemorate the 50th anniversary of the event.

The adhesive, gray green in color, will be available at all post offices in Australia for about three weeks. Thereafter it will be current for a limited period in the Territory and will be obtainable at the Post Office Philatelic Sections in all States.

Details on the philatelic facilities in Australian Antarctic Territory, 1961-62 season, may be obtained from the Australian News and Information Bureau, 636 Fifth Ave., New York 20, N. Y.

Canada—Another major error has been discovered, this time on the current 3c value. A complete pane of 100 was found in Toronto with all

Since only one such pane has been located, three more must be in existence for in Canada as in this country a full sheet consists of four panes. A search of Post Office stocks has been ordered.

The best way to collect these va-rieties is in blocks of four or in horizontal pairs to show the imperf spacing between stamps.

There is no possibility of confus-ing these items with coils, even though single copies may be found, since the perfs are 12, whereas the 6.60 d.00
4.00 coils are perf 9½. Furthermore, to date the 3c value has not been prepared in coil form, although there exists always the possibility it may be sometime in the future. coils are perf 91/2. Furthermore, to

Great Britain-Adhering to schedspecial set of honoring the seventh Commonwealth Parliamentary Conference, was placed on sale September 25. Thus the third and last commemorative series for 1960 was released.

The 6d value in horizontal design is purple and gold with white lettering, and the 1/3 is in vertical format in green and blue with white lettering.

In addition to the Queen's portrait 188/70 Hor. Prs. w/Vert. Gut. \$4.50

and other symbols, the crossed mace and Black Rod from the badge of the Commonwealth Parliamentary Association are featured on both adhesives. The designs are the work of Miss Faith Jaques.

Social Picnic By ATA Chapter In New Jersey

The Northern New Jersey Chapter of the American Topical Assn. held its annual picnic recently at the home of member Dave Wills, Oakland, N. J.

The regular monthly club meetings will resume October 17 at the home of Oscar Hengstler, 222-74th St., North Bergen, N. J.

The issue will be on sale for about six weeks or until stocks are exhausted. This is the second occasion in the history of the Post Office in which three special issues were made in one year. The other was in 1948, when the Silver Wedding, sets were released. (GPO, London).

Ireland-Our British corresponmitted.

Therefore, we print again the following from the British Information lowing from the British Information sale offer to buy at 70c per set was

One reason for this scarcity is the fact that Ireland places its special issues on sale in all post offices, not in just one or two. Consequently, the vast majority are used up in normal correspondence.

This makes mint sets harder to find and when one considers the growing importance of topical collectors demands, it is not surpris-ing that the issue is risng in price. Incidentally, all the Europa complete sets have risen tremendously.

Stamp Activity On Spanish Front

Carlos Lenze Barquillo 29 Madrid 4 Spain

First of all I must warn you of the appearance on the market here of faked first day covers of the Romanesque Art set with the Madrid FD cancel date July 24.

In a recent column I mentioned In a recent column I mentioned the scarcity of FDC's of the mentioned emission which appeared very suddenly, and the impossibility to provide for quantities of covers, as we have generally. The second reason of the scarity of Madrid canceled FDC's was the fact that the past office shipped peoply all covers. post office shipped nearly all covers to the Barcelona Exhibition to be

The faker or fakers of the covers utilized the model of the post office cover SFCA 88, which shows, printed in black, an old church in roman-esque style with a great tower. The faker changed only the lettering of the cachet and produced his cover in two colors (lilac tower and green inscriptions).

On it he applied the four genuine stamps, producing the FD cancellation with an imitation of the genuine cancel. The measure of the circle in the original is 30mm, and only 29 or 29½ on the faked.

The "SF" initials are very dif-ferent from the original and there are other minor differences in the composition and the dates. The ink used by the faker is very dark black and the cancel applied very bright and somewhat greasy.

The Philatelic Service applied the cancellations in a very fine light grayish manner, never greasy, so that the faked FDC's can be easily distinguished when there is an original at hand, and without an original when the cover has the romanesque church cachet in lilac

and green.

For the time being it appears that the fakes have been produced very recently and that some 4-5000 have been sold here to dealers handling them for the first time owing the very big demand. It also can be expected that the faker will launch his products in the form of used sets of single stamps, which are also in strong demand.

This Europa set of July 24 will

be - I believe - the best of the 1961 Spanish new issues. Between dealers it is changing hand now at 40% over face, which is a nice profit two months after the issue. Another very popular set is the Europa 1960 issue, which is practically sold out here in the hand of wholesalers, and it very difficult to get small quantities without a pre-

mium of 150% over face.

Beside the announced new sets of Ifni, Sahara, Fernando Poo, and Rio Muni for the XXVth anniversary of the nomination of Generalisimo Franco as Chief of the State on October 1, 1936 in the City of Burgos, the residence of the National Uprising, Spain has also issued on October 1 a special company time and form a special company time and memorative set of four values, each of 2.45 Pesetas face. In three of 2.45 Pesetas face. In three colors each, they show the cathedral of Burgos, which the American philatelist has already seen on the

Scott No. 625 (design A 145). Europa 1961 stamps are selling in enormous quantities and never before has the post office received such very bulkly demands. More than 150,000 were ordered and delivered slowly to the trade and all collectors who presented their covers before 7 p.m. September 18.

September 18 was the first day of appearance of the new 1961 Europa stamps, of which 5,500,000 are printed in red (the 1Pta. value) and 3,500,000 brown (5Pts.).

Never before has the demand been so big, as for this sets, which I believe will be sold out very and 5Pts. bust of Nuflo de Chavez. rapidly, as it happened two months ago with the Romanesque Art-lated to the discovery and coloniza-Europa council set, entirely sold out tion of Colombia and Bolivia. some weeks after the first day (July 24).

FDC's of the Romanesque Art set, of which exist three combinationsthe first day cancel of Madrid and the different FD cancel of Barcelona and Santiago de Compostela—are entirely sold out. The demand is very heavy, but owing to the shortness of time all cover makes could not provide sufficient stocks. Prices hope that I can continue to main-

are rising sharply. October 1 brought the first issue all readers. My American correct four popular "colonial" sets, spondence is growing steadily and four stamps to be issued in each I shall do my best to keep readers of the four African provinces, Ifni, well informed.

Bank, Navy Day Egyptian Singles August 22 and 29 brought two

more commemorative singles to UAR Egypt's list of emissions for the year. They note respectively the 41st anniversary of the Misr (Egyp-tian) Bank and Navy Day. The first item is also a tribute to the bank's founder, Talaat Harb, on the 20th anniversary of his death.

The Navy Day stamp is a 10 mils tem in blue, featuring two hands holding the steering wheel of a battleship, with the national flag above and in the background. It was designed by Ahmed Mohammed and Farag El Monoufy and engraved by Mohammed Badr Bahgat.

The other commem shows the Mehalla El Kobra plant of the nationwide Misr organization. Also a 10m. value, this time in brown, it was engraved by Ramzy Lbib.

Both stamps were photogravure printed by the Survey of Egypt on the usual Multiple UAR in Arabic and English watermarked paper. Printing is in sheets of 50 subjects, quantities 2,000,000 each.

The founder of the Bank Misr. Mohammed Talaat Harb, was born in Cairo in November 1867. Early in his career he became interested in finance and economics, and in Egyptian ownership of the nation's principal industries.

He and associates founded the Bank Misr on May 7, 1920, with a capital of 80,000 Egyptian Pounds, fully financed by native capital. He pushed industrialization, adding facilities for processing Egyptian cotton in 1923, 1924, 1926, and 1927.

This last named was the Misr Spinning and Weaving Co. of Mehalla El Kobra shown on the stamp.

Mr. Harb directed the entire Misr

chain of operations until his retirement in 1939, with his death taking place in August 1941. The Bank and its affiliates have since expanded into other fields, and today have a capital of 27,500,000 Egyptian Pounds (\$79,000,000).

Sahara, Fernando Poo and Rio Muni, to commemorate the XXVth anniversary of Generalisimo FRAN-CO, as Chief of the State.

These four sets of low values, four in number for every province and facing only 2.45Pts.

The designs, in the usual large format, show the cathedral of Santa Isabel (Fernando Poo), the Chapel of AAIUN (Sahara) and the Govern ments Houses of Ifni and Rio Muni.

The official decree has not yet appeared and I am still unaware to the numbers of sets printed and the face value of the four stamps in each set.

Another set, the yearly "Discovrers and Conquerors", is to appear October 12, the "Race Day". Eight values as last year of 25, 70, 80c, 2, 2.50, 3, and 5Pts. face value,

with four different designs.
The 25c and 2Pts. will show the bust of Sebastian de Belalcazar; the 70c and 2.50Pts. the portrait of Blas de Lezo; the 80c and 3Pts. the bust

The numbers of stamps to be printed are between 6,500,000 (25c and 1Pta.) and 3,500,000 of the four highest values. Five million are to be printed from the 70 and 80c stamps.

As you see, there is great activity on the Spanish front, and after some two months holidays from which I now have returned, I tain a very friendly contact with

PRODUCED IN WASHINGTON, D. C. by the Bureau of Engraving and Printing, the Canal Zone's 15c airmail of November 21 will feature the crest of the United States Army Caribbean School at Ft. Gulick, C. Z. and a map of South America. The colors will be red, white and blue, in an initial printing of 500,000 in panes of 50 subjects.

New 15c Regular Airmail In Canal Zone November 21; Will Note Army's Caribbean School

The Canal Zone Postal Service has announced that it will issue a 15c airmail stamp November 21, featuring the crest of the United States Army Caribbean School located at Ft. Gulick, C. Z. The crest, on the left center, is round in shape and dark blue in color, with a white Spanish galleon in the center and the motto, "UNO PARA TODOS Y TODOS

PARA UNO - USARCARIB" in white around the outer edge.

The stamp will be .084 by 1.44 inches in dimension, arranged horizontally and issued in panes of 50. It will be blue, red and white, printed by the Bureau of Engraving and Printing at Washington, D. C. with an initial printing of 500,000.

In the upper left above the crest are the words "AIRMAIL" in red; in the upper right the denomina-tion 15c in red; along the bottom on the left under the crest the words, "CANAL ZONE" in red.

On the right side of the stamp running from top to bottom is the map of Central and South America in medium blue, with the words,
"United States Army / Caribbean
School / Fort Gulick" (and two
clasped hands) / "FOR LATIN
AMERICA" in dark blue, arranged in four lines over the lower half of South America.

First day arrangements—Collec-tors desiring first day cancellations of the 15c "USARCARIB SCHOOL" stamp may send addressed envelopes, together with remittances to cover cost of stamps affixed to the Philatelic Agency, Balboa Heights, C.Z., with the outside envelope endorsed "First Day Covers". Postage stamps and personal checks will not be accepted

Each cover must be properly addressed, should be of ordinary let-ter size, marked in the upper righthand corner to show the number of stamps to be affixed. A close-fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed.

All first day covers will be post marked "Fort Gulick, Canal Zone, November 21, 1961—1:00 p.m." First day cover requests must be post-

Watermark Varieties On Brazil's "Rui Barbosas"

Unusual watermark varieties have been reported on two values of Brazil's recent "Rui Barbosa" set, according to Manoel F. da Motta, Largo do Machado 11, Apt. 301, Catete, Guanabara, Brazil.

He submitted specimens of the 5 Cruzeiro value with Scott's water-mark No. 268, and of the 10Cr. on paper without watermark, instead of paper with the normal design for this series.

While full details are not known. he did suggest that these stamps may possibly be of considerable rarity. Collectors are reminded that a bit of watermarking of their own specimens of these values might well prove pleasant.

October 11 Auction By Black Hills Stamp Club

The Black Hills Stamp Club will hold an auction of philatelic material at 7:30 p.m., October 11 in the Rapid City YMCA, 815 Kansas City Street, Rapid City, S. D. There will be over \$100 worth stamps on the

marked before midnight, November 15, and such requests must not include orders for uncanceled stamps.

For the benefit of collectors desiring stamps for philatelic use, the 15c "USARCARIB SCHOOL" airmail postage stamp will be available at the Canal Zone Philatelic Agency, Balboa Heights, C. Z. on and after November 19.

The United States Army Caribbean School was founded in 1949 at Ft. Gulick, C. Z., with the mission of providing technical and leadership training to U. S. Army troops and tactical and technical training to Latin American officers, cadets and enlisted men.

The Latin American countries are invited to send students to the Canal Zone for on-the-job training with U. S. technical and tactical units and to attend the U.S. Army Caribbean

During the School's formative years, instructional emphasis was directed toward U. S. officers and enlisted men; however, within the past four years, the pendulum has swung the other way to the point where all U. S. courses were discontinued in 1956 to permit increased emphasis on Spanish language subjects.

Even though the English instruction has been eliminated, personnel of the U.S. Army, members of the National Guard and Army Reserve of Puerto Rico attend and graduate from the School.

School activities are divided into two major parts: the school staff an the instructional departments.

The School is organized as follows: Commandant, Assistant Commandant, Secretary, Operations, Supply Officer, Director of Instruction and the Student Company and three instructional departments.

These departments are The Internal Security Department, consisting of the Counter-Resistance Section, Military Intelligence Section and the Military Police Section; the Tactical Department consisting of Artillery Section, Engineer Section, Infantry Section and Command and General Staff Section; and the Technical Department which consists of the Armament Section, the Automotive Section, Communication Section, and Supply Section.

All of the instruction is given in Australia, interesting mixture with many Spanish language and U. Army instructors, both officer and enlisted men are drawn from the Army Language School at Monterrey, Calif., and individuals of Spanish speaking family background.

In addition, the Commandant invites outstanding Latin American students to stay on at the School for a one-year period as guest in-structors with the concurrence of the respective Latin American countries.

The military post at Ft. Gulick is an ideal location for the School in that adequate facilities are available for all its diverse fields of instruction, as well as quarters to Danley, 227 E. Flormann, Rapid house student and instructor person-city, S. D. nel, and the availability of athletic fields permitting an intensive athletic program.

The School operates on a two-semester per year basis, a 20-week se-mester followed by a six-week recess in June and July and another in December and January. The courses vary in length from four to

The School is a cross-section of the major United States Army Service Schools and is the only school in the U.S. Army establishment that teaches purely military subjects in Spanish. As of June 1961, it had graduated 18,771 students. Of this total, 10,588 were Latin Americans, ranging from private to general, representing the 21 Latin American Republics.

Equally important with the School's mission of fulfilling the present day need for the trained technical and confident well-informed commanders, and to instill in the Latin American personnel present at the School a further appreciation of the ideals of Democracy and the American way of life, is the furtherance of Inter-American relations between the United States and its neighbors, as well as among the Latin American countries them-

To this end, all activities underscore and point to the School's adopted motto—"UNO PARA TODO Y TODOS PARA UNO" (One for all and all for one).

COLUMBIA

5-09 LN Broadway One of the most neglected topics in Holy Land philately is the Flag stamp issued on March 31, 1949. Strange as it may seem, very little was ever written about this item.

The one exception is an excellent article by Solomon Handel "When was the Zionist Flag born?" which appeared in the "Israel Philatelist" is the solomon of the "Israel Philatelist". journal of the Society of Israel Philatelists.

The Flag stamp of 1949 was de-

This envelope was issued to commemorate the First Independence of the State of Israel. Mr. Krausz fitted upon it. That is how our National Flag that flew over Congress to the country of the State of Israel. Mr. Krausz fitted upon it. That is how our National Flag that flew over Congress to the country of bolic designs of her statehood as proper symbols for the cachet.

From that time on the Flag of Israel appeared on other stamps such as the ZOA and eighth Independence, as well as on countless cachets of the official first day cov-

Of course a topical collection of the Israel Flag could be enormous-ly enhanced by the inclusion of the special commemorative cancellations of Israel that feature the national banner. Just to mention a few, we suggest:

The special cancellation of May 12, 1949 to mark the admission of Israel into the United Nations as the 59th member, and the commemorative cancellation of September 9, 1951 used during the Emil Weitz exhibition of a "Century of Jewish

1953 for the Inauguration of the Histadruth Building in Raanana, and the special design of May 27, 1953 place in any collection of the Israel celebrating the 70th anniversary of flag. Nes-Ziona.

Then there are the pictorial cancellation of August 20, 1953 used to honor the Fourth Maccabi Games,

and the commemorative marking of April 26, 1959 for the meeting of the National Labor Federation held at Beersheba.

Other material to be included in such a collection is the stamps of the Jewish National Fund (JNF). The earliest ones are the 1945 issue in memory of the foundation of the Jewish Brigade, which served as a separate unit under British Command in World War II, and the reprint of this same stamp in 1955 to note the tenth Anniversary of the Brigade.

The other JNF stamp featuring the Flag is the Independence Day stamp of 1949. This was issued to commemorate the first anniversary of the Declaration of Indepencence

in Israel on May 14, 1948. The design of the Israel Flag is the same as that of the Zionist Flag which was used at the First Zionist Congress held in Basle in 1897. An important role in working out this design was played by David Wolfsohn, the distinguished leader who, in 1905, succeeded Dr. Theodor Herzl as president of the World Zionist Organization.

45 O 46 O

Mr. Wolfsohn had cooperated closely with Dr. Herzl in the founding of the World Zionist organization and guided its destiny for eight

years. The following is his own story of the creation of the Zionist Flag:

"At the behest of our leader Herzl The Holy Land I came to Basle to make all preparations for the Zinnist Congress to arations for the Zionist Congress, to assure its success and to avoid any opening for the detractors. Among the many problems that occupied me than was one which was neither important nor unimportant, but which contained something of the essence of the Jewish problem.

"What flag should we hang in the Congress Hall? For we had no flag. This difficulty greatly vexed me— a flag must be created. But what colors should we choose? Would our nation make any distinction between colors between colors, being a people that is so careful never to feast its eyes on any image or picture?

"Then an idea struck me. We have a flag, and it is blue and whitethe talith (prayer-shawl) with which we wrap ourselves when we pray, signed by F. Krausz of Tel-Aviv who that is our symbol. Let us take was also responsible for the cacheted this talith from its bag and unroll envelope with the embossed Flag it before the eyes of Israel and the stamp that appeared on May 3, 1949. eyes of all Nations.

> one expressed any surprise or asked whence it came, or how."

Similar designs were conceived at earlier dates in different parts of the world: at the third anniversary celebration of the establishment of Rishon-Le-Zion in 1885: at the dedication of Zion Hall, headquarters of the B'nai Zion Educational Society in Boston, Mass. July 19, 1891; and in London by a Russian Jewish artist, in 1893.

On October 28, 1948 the Provisional Council of State adopted the blue and white colors with the Shield of David as the Flag of Israel. This flag was unfurled on May 11, 1949 at Lake Success, New York when Israel became the 59th member of the United Nations.

Mr. Wolfsohn, second president of the Zionist Organization, was born in Lithuania in 1856, and died September 25, 1914. The Jewish National Fund issued

in 1915 a stamp to commemorate his death and the JNF of America in History in Stamps" held in Tel-Aviv. its series of Zionist leaders of 1926, Also, the cancellation of May 3, also depicts Mr. Wolfsohn. Those

Byzantine Glory On Greek Stamp

The new 2.50 Drachmae Phocas stamp from Greece, issued on September 22, presents one of the most interesting philatelic designs to come out of that country in a long time, according to Pierson Ostrow of Burlington, Vt. With its elongated (52mm) size, its rich coloring (a blend of eight different shades) and pirates. its interesting subject matter, it reproduces the Byzantine Emperor-conqueror Nicephoras Phocas, as taken from a 15th Century miniature painting in the Markian Library in Venice.

An even million copies of the stamp were photogravure printed on star-watermarked paper perforated 4x121/2, in sheets of 50 subjects.

The artist is A. Tassos, and the printing, as usual, is by the Aspioti-Elka Graphic Arts Company of Athens. The stamp will remain on sale, unless supplies are earlier exhausted, through March 31, 1962.

Swedish Philatelist Plans Visit To States

Einar Lundstrom, general director of the Frimarkshuset firm in Stockholm, plans a trip to the United States this fall. Los Angeles and Chicago are two of the places he and his wife will visit, according to Linn's Swedish columnist, Axel Mil-

Mr. Lundstrom, 51, is a wellknown Scandinavian philatelist and dealer, having started his firm 25 years ago. It is now the biggest one in the Scandinavian area, having about 30 employees.

For 15 years he has published the Facit Specialized Scandinavian catalog, which has a circulation of 18,000 copies each year.

"I am going to the States as tour-ist," he told Mr. Miltander, "but I shall also be glad to meet some of the Scandinavian collectors over there. I know they are many, especially in Chicago and other typi-

cally 'Scandinavian' places."

He plans to start his trip late in October and will stay in the States about three weeks.

This meeting has been arranged by Joseph Laura, Jr., RFD 3, Mid-dleboro, Mass. On request he will supply further information regard-

A special first day cover was fur-nished by the Greek Postal Ministry, canceled from a provisional post office set up at Kerakleion in Crete. The first day cancellation shows a sceptre and orb and the dates 961

The cachet on the envelope reproduces a coin issued by Phocas. The purpose of the stamp is to commemorate the thousandth anniversary of the Liberation of Crete from Arab

Nicephoras Phocas, who accomplished the feat, was born in 912 A.D., of a noble Cappadocian (Syrian) family. He followed a successful military career, of which the Cretan exploit was only one—though an important one-of his accomplishments.

Crete had been seized in 826 A.D. by Arab adventurers from Spain, who converted it into a pirate base from which they terrorized the entire Aegean area, threatening the existence of the Byzantine area in the Mediterranean. To this state of affairs, the invasion of 961 put ar. end.

In issuing the Phocas stamp, the Royal Greek Government release states that the liberation of Crete 'saved the Greek nation" 'changed the course of history", since, "without the liberation of since, Crete, no European cultural community would have evolved and the

civilization of the West could not have survived.

Phocas went from Crete to Byzantium. When the Emperor, Romanus II, died, Phocas took advantage of a revolution to make himself successively, Guardian of the Throne, husband of the dead Emperor's wife and, through her, Emperor in his own right.

He began his reign with a series of laws to protect small land owners against the aristocracy and to curb the power and wealth of the church, but he destroyed his own popularity by levying heavy taxes to support military adventures.

On December 19, 969 A.D., he was murdered in one of those long series of palace revolutions which deface Byzantine history.

New Air Regulars Soon In Israel

The Ministry of Posts of Israel has announced final details of the recently scheduled group of three regular airmail stamps being added to the current definitive series. To be released October 26, the trio was designed by Miss Friedel Stern of Tel Aviv. Area landscapes are depicted.

Values are 40 agorot violet showing the Tomb of Yethro at Kefar Hitim; 50a. olive, view outside the old city of Jerusalem; and one Israeli Pound pink, view of the old city of Yafo (Jaffa). Photogravure printing on unwatermarked paper is being done by the Government Printers, Hakiyra, Tel Aviv.

There are 20 stamps to the sheet, comb perforated 13 x 14, with five descriptive tabs adjacent to the bottom row of stamps. Ornamental first day covers will be available with both the Jerusalem date stamp and the official first day cancellation.

Mint stamps are \$1.90 per set, and serviced FDC's \$1.95 each, plus 28c postage per order in each case. Orders and remittances should be airmailed to the Philatelic Services, Ministry of Posts, Jerusalem, Israel. The Israel Pound is 56c; remittances may be made by bank draft, certified check or international money order.

Axel Miltander Bevaringsgatan 11 Gothenburg, Sweden

I wish to say "thank you" for all the very nice letters received from you during recent weeks. I appreciate your comments so much.

I feel now that all Scandinavian collectors in the U.S. A. read Linn's-it must surely be so considering all the many letters sent me. I also think that there are more Scandinavian collectors in the States than ever before.

First of all I shall try to answer some few questions, probably coming to me from new readers of Linn's as they have been answered before in this column.

1-Can I buy Swedish stamp at face? And where?

Yes, you can. The Swedish Philatelic Agency, owned by the Swedish GPO, has a list containing about 200 different types still in stock. You can write for this list; it is sent free and postpaid. The address is: PFA, Fack, Stockholm 1, Sweden.

2-Are Scandinavian stamps good for investment?

It is a hard question to answer, but I think I can say "yes". The European stamp paper Schweizer Briefmarken-Zeitung recently published a list, showing the increase of the stamp values in different countries in Europe. The list was based upon the Zumstein values of 1955, compared with those of 1961.

The list tells us that Vatican stamps (mint) increased 850 percent during a period of six years. Number two was Italy, 492%; and Number three, Western Germany including Berlin, 275%.

Then came France 109%; Austria, 87%; Netherlands, 83%; Luxembourg, 76%; Finland, 66%; Sweden, 55%; Soviet, 50%; Denmark, 41%; liechtenstein, 39%; Norway, 38%; Iceland, 28%; Great Britain, 17%; Ireland, 15%, and Belgium, 13%.

This means that Vatican has the top place on this ranking list.

And what about the future? I don't think the values of Vatican stamps can increase much more. If they do, they will be so high that only few persons will have money enough to buy them. I think that the next "big countries" may be found in Scandinavia, because these five countries are the only ones remaining.

you insist, asking, "Perhaps," What about countries like Egypt, Congo, and such new countries?

No, I don't think they have any possibilities in this way, because there are too few collectors within If you, for these borders. have a collection from the U.S. or Sweden, it will always be possi-

Australian Schedule

The Postmaster General of Australia has announced that a special postage stamp of 5d denomination reflecting the spiritual significance of Christmas will be issued later this year.

The main features of the design will be the Biblical text: "Glory to God in the highest and on earth Peace" and a 15th century Nativity scene. The theme is presented upon a background of an open prayer book or Bible to combine the text and the Nativity scene in an artistic decorative framework.

The 1960 Christmas stamp also de-

picted an open Bible and was cur-rent at the beginning of the 350th anniversary year of the first publication of a new English translation of the Bible, authorized by King James 1, which appeared in 1611.

The design of the 1961 stamp fulfills the promise made last year that the Post Office and its Stamp Advisory Committee would seek another Bible design for Christmas 1961 to mark the end of the anniversary year. The color and date of issue of the new stamp will be announced when production is further advanced.

USS "Alstede" Has **New Insignia Cachet**

The USS "ALSTEDE" (AF-48) will cachet mail during November and December 1961 with the ship's new insignia cachet.

Collectors sending covers are requested to leave a blank space of at least 234 x 234 inches on the left side of the envelope, using the extreme lower right corner for the return address.

Collector Cautions On Pakistan Errors

A word of caution has been expressed by Pakistan specialist H. I. Swindall of Corpus Christi, Texas in regard to the rash of "errors" being found on the Pakistan overprinted He warns that collectors should be wary of paying fancy prices for too minor variations in the revalued adhesives.

Mr. Swindall mentions particular ly such things as "misspelled" and "missing letter(s)" offerings. He reports having seen mention of a stamp with the value misspelled, and he owns a copy with the "1" value "missing"—but actually present in a very faint impression.

"I paid a rather fancy price for another copy with the value spelled 'pais'," he added, "but close inspection disclosed the final 'e' faintly present and tilted to the left-definitely not missing.

He explained that the limited equipment and the general circumstances under which the rush task was done caused the overprints to be replete with an infinite number of minor variations of interest only to serious specialists.

For example, the "1 paisa" on 11/2 anna red of 1954 (Jahangir's Mausoleum) has at least two differspacings between the numeral and the word, it has the "1" both with and sans serifs, both aligned and dropped below the line, and with various letters out of alignment.

"But I doubt that any of these is worth a fortune as an error," he emphasized. "Let's not give a 'black eye' to a philatelically wonderful country with a splurge of speculation in 'errors' that are not errors at all."

Fascist Victory

It has taken about 25 years for Spain to recover from the aftermath of its disastrous Civil War, and to share the general prosperity of Western Europe today. Even so, the Spanish worker (and his comrade, the Portuguese) still "enjoy" one of the cheapest and lowest standards of living on the European

Both Spain and Portugal are dictatorships, with strong ecclesiastical backing, and both have been established for a number of years. In fact, Franco's regime just celebrated the silver jubilee of what was perhaps the bloodiest civil war in living memory ironically noted with a set of stamps printed very largely in solid gold.

Since the metal as used in printing ink tends to be finely divided gold-anodized aluminum, one need not take the color too seriously. Yet the difference between Spain and Portugal is significant in this respect:

Madrid pulled out the stops with a set of twelve values, starting with a representation of the Crossing of the Straits of Gibraltar, and ending with an ennobled portrait of Franco on a golden coin, Dr. Salazar of Portugal (always the more modert man), preferring the role of eminence grise, confined himself to a simple single denomination for the anniversary of the Republic last December.

Its design was the Portuguese flag within a laurel wreath. Spain, on the other hand, epitomized the State Authority not only with a flag, but also with a flying angel, a dove of peace, and sundry other symbols which you can find for yourself on the 70c stamp of the set

Not that everyone of the ten denominations is quite so bombastic; after six values extolling Victory come six designs of Peaceful Reconstruction (if one can include a profile of the Generalissimo in this category). Notably enough, the 5P. stamp for foreign letters is the most moderate, with its map of Spain showing power stations and a vi-gnette of a classical figure holding

water-pitcher. This stamp also lacks the gold so prominent on the other values. But even in the background of dramatically angled ships, blast furnaces, and mine workings, we find fragments of the Eagle and Shield which comprise Spain's national coat of arms.

On the whole, I prefer Dr. Salazar to the Generalissimo, the more so, since he has avoided victorious horsemen, steel helmeted soldiers. and other unpleasing reminders of the way in which he gained the chieftaincy of the Spanish State. To confirm the argument I have just put forward, note the latest

Portuguese Commemoratives

These deal with civic anniversaries and the jubilee of the Faculty izations. Unfortunately neither of Letters at the University of Lisrelatively few engraved Portuguese vious issues in this group. items-is a most handsome design bringing a portrait of King Pedro V of Portugal, the mid-19th-century monarch who propounded the necessity for such a foundation.

He looks handsome enough in an oval frame which carries the required inscriptions and no doubt the printings (nine million and one million copies respectively of the two denominations) will ensure adequate usage.

apply to the commemoratives recalling the granting of civil status to the towns of Setuba and Tomar; here artist Candido de Costa Pinto has taken as his theme the relevant principal designs in the coats of arms, and has enlarged them to form the motif for two munticolor designs.

With the inception of a Philatelic Advisory Commission to the Portuguese Post Office, it is not surprising to note that the stamps of Portugal are gaining a good deal of popularity.

On the other hand, the fact that they are rather less blatantly propagandistic can not in fairness be laid

at the door of the stamp issuing N. Y. Air Cover Club authorities. Evidently government policy is more self-effacing in Lis-

Ulbricht at last

Remarkable though it may seem, at a time when West Germany is departing from the established principle of depicting the Head of State on its definitive series, this self-same idea is being embraced by the East German "Democratic" Republic.

After eight years from the date of the famous June 1953 revolt, the President of the People's Chamber, Walter Ulbricht, has authorized the portrayal of his Leninesque features on the permanent stamps of the Eastern Republic. It is hardly surprising when one considers the recent death of President Pieck, whose official functions the erstwhile Party secretary has usurped.

The last time Ulbricht trid to immortalize himself on postal paper the effort was hastily abandoned. Originally he was to have graced the 24pf, value of the East Zone Five-Year-Plan issue, but since the implementation of the said Plan led to a fracas which could only be quelled by Soviet tanks, he evidently decided that this additional piece of publicity would not be appropriate under the circumstances.

Now that the DDR is moving towards recognition, albeit only by Russia and the other Peoples' Democracies, it seems to be considered opportune to show the people who their leaders are.

For the sake of all concerned, though not out of personal preference, I wish this set long life. Ulbricht is an accepted fact, and I would rather have him than many others I could name.

UNO'S Agencies Popular

Numbers sold of the International Agencies' stamps released by Switzerland show quite encouraging totals. By contrast with the earlier issues, they seem to have enjoyed brisk usage and were popular with collectors as well as with the Agencies themselves.

For instance, figures have just been published relating to the recently withdrawn 20 and 40c definitives of the permanent series of 1955-56. No fewer than about 400. 000 pairs of the UN European Office issue were disposed of, although quantities for the other Agencies are considerably less.

The denominations in question represented letters inside Switzerland and to foreign countries respectively, and even the busiest office can-not possibly use that quantity of stamps for its own internal require-

ments over a four-year span. Smallest use appears to have been by the World Meteorological Organization, which sold a mere 173,000 pairs of the two denominations allotted to it, compared to the much greater popularity of the UN European Office emissions.

Very largely this must be due to the fact that since this Department will probably count as a direct Subof the United' Nations abroad, it is collected by more people interested in UNO than would be the case with the specialized organthese two stamps will ever aspire to bon. This latter issue-one of the the giddy heights reached by pre-

600 Forged Postmarks

An appalling document reached me the other day under the above title. In 28 octavo pages, the "Neues Handbook der Briefmarkenkunde" group has compiled reproductions over 600 impressions of forged postmarks and dies for manufacturing overprints, both fictitious and genuine, largely for German stamps sage.

These figures, incidentally, also but also to some degree affecting German Occupation issues n d straightforward foreign countries.

The people involved from whom the stocks were confiscated and who had sometimes gone to great lengths to procure the fakes, are now serving sentences of imprisonemnt,

Judging by the booklet, these are certainly well deserved. Some had made lineblocks from genuine postmark impressions, and, having removed the actual dates, had them replaced with other dates of their choice.

This applies particularly to cancellations of rare dates, or for at-tempts to obliterate considerable quantities of stamps which are

known damaged by water or in large and cheap mint sheets. Inflation postmarks are a case in point.

In another case, the forger had had real postmarks cut in brass and had used them to manufacture faked first day covers, field-post items and so on. Of course, the beautifully struck impressions in the book do not always correspond with the way in which the postmarks are found, and it is clear to see that in this case there are notable differences in detail.

But on the other hand, indifferently impressed or heavily inked, all the marks can be extremely deceptive, and it behooves anyone handling quantities of German material te obtain a copy of this book for ready reference.

Not only modern stamps are affected—there are pages of cancel-lations used on German States issues before 1870, colonial fakes, and also certain route markings used to authenticate covers.

Postmarks apart, dies have been found for producing faked overprints on the Control Council set of Germany of 1947, and for faking over print varieties on the East German Five Year Plan issue.

These include blocks of the Summation overprints on sheet margins intended to imitate certain genuine but scarce varieties. It goes without saying that Danzig and Saar, German Field Post and Insel Post, and indeed the handstamps of the experts in the field, have all been imitated.

MORE NEW TYPES

There is a possibility that there an entirely new set of Precancel types in the near future. It is my understanding that the contract for the precanceling devices was let to onother firm as of July 1, so if something odd comes along let's hear about it so that it can be reported.

Although the metal handstamps started about the time of the Roos velt era they did not end with the Truman administration. It was about six years after the change of administrations when the new hard rubber handstamps made their appearance.

Even then it seemed that it was more a matter of getting a device that would work better, than because of any deal in which a contract was involved. Let's hope they keep the new styles for a while as they seem really practical.

P. S. S. CONVENTION

I believe that something was attempted at the exhibition in Kansas City that never before has been tried. I would say about a 90% complete Town and Type collection was shown. To one who knowns Precancels this is really something. More that one collector was observed taking notes, and others spending a lot of time looking. You just didn't walk up and down the aisles of this show unless you were definitely NOT interested in precan-This was some accomplishment, to say the least.

When you registered you surely felt in a western mood. You were given enough souvenirs that they also had to give you a plastic knapsack to carry them in. I haven't taken an inventory of mine yet.

When I was at the Butler, Pa. meet I came home with three stamps I already had, so I resolved to do better at Kansas City-so I came home with three more stamps already had. No improvement there, but I did pick up a Kit Carson, Colorado and a U-17 Greenwich, Conn. with the state name spelled out in full.

UNLISTED TYPES

A. D. Littlehale of Groton, Conn. shows me the U-129 type from his home town This is a new town as well as a new type.

Harold Groth of Los Gatos, Calif. sent along a ½c Hale from Pasadena, Calif. in a type that surely be identified as U-49, yet would there is no such type listed in the catalog.

There is a U-53 which is Type 2. If this is the so-called U-53 then there should be some research work done right here with a little more

TIP

Every now and then I get a letter saying that Joe is enclosing something to look over. I tear the envelope apart, look on the floor and everywhere but "that something" isn't there. I used to sit right down and write.

I don't anymore—I wait about four or five days, because often the item comes in a day or two and my time has been wasted. The time is more valuable that 4c and an envelope, so it seems practical to

101b LONDON ROAD, CAMBERLEY, SURREY, ENGLAND

A "gentle reminder" is extended by Frank Warner, 109 Nassau St., New York 38, N. Y. to all collectors of IGY, Antarctica and Outer Space material that the firm has just published a new 1961 checklist on these subjects. It goes into great detail on them, covering stamps mint and on FDC's, covers and other offers. A copy is free in return for a stamped addressed envelope.

The new "Italy 1901-45" list of stamps published by Pierson Ostrow, Box 57, Burlington, Vt., is now available from him at 25c (stamps or coin) per copy. As with past issues, the new one shows stamps mint and used, including for the first time the 1901-27 definitives in singles. Much valuable background data is furnished, especially on the commemorative issues.

Mr. Stephens of 1126 W. Florida St., Springfield, Mo. reports that he experienced several weeks of illness during the summer and as a result was unable to keep up with correspondence and orders in answer to his classified section offers. He is now considerably improved, and is again taking care of current mail and rapidly catching up on all older letters still on hand.

Robert Rabinowitz of 116 Blachley. Stanford, Conn. has a suggestion for plat block collectors who may not see his usual ad in the classified this week-they should check the display pages up front. Mr. Rabinowitz is making his initial appearance there, with his special list of 8c plate blocks. He offers both the usual stock and also numerous rarities.

Long and detailed price lists are offered by the Montalto Stamp Outlet, 116 Country Village Lane, East Islip, N. Y. on several of the more popular countries. They include Vatican, Ryukyus, Israel, Ghana, UAR (both Syrian and Egyptian Regions), numerous general odd lots, and some interesting U. S. offers. There is also a special page of world-wide lots of

the seal on the 11c sheets, and the text "Commission Economique pour l'Afrique" in a similar position with similar date beneath on the 4c sheets. Printing is being done by Courvoisier S.A., La Chaux-de-Fonds

The task assigned to the Economic Commission for Africa, one of four UN regional economic commissions, calls for measures to promote and facilitate concerted action for the economic development of Africa. This will maintain and strengthen the economic relations of countries and territories of Africa, both among themselves and with other countries of the world.

The Secretariat of ECA has its permanent headquarters in Addis Ababa. Currently, the Commission has 31 full members, consisting of the 26 independent African states that are members of the United Nations and the five European states having responsibilities in Africa.

Complementing the program of formal meetings are arrangements for informal consultations between ECA experts and African officials. Most African countries and territories have been visited by ECA experts to discuss arrangements for intraregional cooperation, give advice on specific urgent economic or social problems and assist in formulating requests by governments for UN technical assistance.

The Commission's program accords high priority to economic programming and development techniservices, the administrative prob-lems of African governments, and training.

First day procedure-Detailed in-

ers of the new stamps are: 1-First day service is given only

at UN Headquarters, New York, against payment in U.S. Dollars. 2-Persons desiring first day cancellations of the stamps may send in a reasonable number of addressed unstamped envelopes to the UN Administration, Room 1B-1, United Nations, New York 17, N. Y. First day cover requests must be

5-The number and denomination of stamps to be affixed should be clearly marked in pencil in the upper right-hand corner of each envelope.

6-A filler of medium weight should be placed in each envelope with the flap turned in. A poor cover may result if no filler is provided.

7-Requests for marginal inscriptions will be filled only as far as possible, depending on the number of marginal inscriptions available.

8-No mixed orders for both first day covers and mint stamps will be processed but will be returned to the senders. Customers are, therefore, urged to send in orders separately, with separate remittances.

9. When ordering blocks of four stamps (marginal inscription blocks or plain blocks), customers should address the envelopes in the extreme left-hand corner, otherwise the address is obliterated by the stamps.

Mint Stamp Orders-Separate orders for mint stamps should be addressed to the UN Postal Administration, United Nations. New York 17, N. Y. Customers should also remember to allow for return postage in their remittances and for registration when necessary.

The UN Postal Administration Sales Counters in the Public Lobby and Concourse of the General Assembly Bldg. will have, on the first ques, the organization of statistical day of issue, philatelic stock available for puchase by collectors. Machine and hand cancellations may also be obtained.
